Please continue to feed and care for the cats so we can perform **Trap-Neuter-Return (TNR)**, the only proven way to decrease feral and stray cat populations -- and it doesn't harm the cats.

**We are going to spay/neuter (TNR)
the outdoor cats in this area.**

- The cats will be trapped with humane (painless) box traps and taken to a veterinarian to be spay/neutered and vaccinated, at no cost to you.
- The vet will also "eartip" them. An eartip is the universal symbol of a sterilized feral cat. (see photo below)
- We need your help to feed and care for the cats when they are returned home.

**Neutered cats make better neighbors -- less howling,
fighting, and no more litters of kittens!**
